

STAMP – Shared Training Activities for Music Professionals

Because sharing is caring!

A consortium of 10 European partners worked hard for 2 years to develop training in different fields of music. Now they are all available! Check them out:

Entrepreneurship in Music – If you want to diversify your musical career or know more on specific topics see our Webinar series aiming to stimulate your entrepreneurial thinking – [click here](#). If you would like to do a webinar of your own see [here](#) guidelines that will teach you everything.

YEMP – Create a win-win situation for your volunteers and your festival. See [here](#) described in detail what a Young Event Management Programme (YEMP) is and how to implement it to your festival or event.

Increase your audience – In an ever-changing world we have to adapt constantly our communication strategy. This online handbook will help you to get an update of the current communication channels available and how to increase your audience for your events - [click here](#).

Social inclusion through Music – Music can be a powerful tool to work with disadvantaged youth, get inspired and learn how to implement a multicultural approach within your music lessons. Disabilities can be evolved into strengths – how? Learn all about it [here](#). If you have questions [JM Hungary](#) will be available for you the next 2 weeks!

International Cooperation & Networking – Want to start your international cooperation project? Are you facing problems and want to find solutions to it? This [Online Course](#) will take you through step by step! Would you like to share your ideas or need some help? Contact us and other young entrepreneurs within the music field [here](#)!
