Welcome to the next meeting of ECMTA on 27-29 April in Warsaw! The ECMTA Annual Spring Meeting in Warsaw will be filled with seminars, workshops and concerts. This spring, our host will be **The Fryderyk Chopin University of Music**. In 2018, the chamber music faculty of FCUM celebrates its 40th anniversary and **prof Maja Nosowska** from **FCUM** will open our meeting on Friday with her keynote speech. A great joy is to welcome ECMTA member, Sibelius Academy/University of Arts Helsinki, represented by **prof Ilmo Ranta** and **prof Carlo Bertola** from the Turin Conservatoire with the presentations on Saturday afternoon. As with several previous meetings, the ECMTA will be meeting in parallel with the Baltic States Annual Festival of Student Chamber Ensembles. Workshops and masterclasses: In addition to chamber music ensembles from Poland and the Baltic states, student ensembles from participating ECMTA partners will be welcome. As in previous gatherings and meetings, ECMTA teachers and professors are invited to give masterclasses. Concerts will take place at the Fryderyk Chopin University of Music (FCUM), The Chopin Museum and at the White Hall of the Wilanow Palace.

Inscription forms are available on the website www.ecmta.eu
